

Public Information

The Planning Accreditation Board requires this information be posted for the Master of Urban and Regional Planning program.

Student Achievement

We measure student achievement based on our annual student survey at the end of each academic year. This survey asks students to report the degree to which the program provided them a solid start on acquiring the basic knowledge, skills, and values included in the 18 educational components of planning education as defined by the Planning Accreditation Board.

Based on responses to annual student surveys (2018-2021), students gave the program a median grade of A- when asked, "Looking back over your time in the program, how well overall were your expectations met?" (both years), which demonstrates MURP students have a high level of satisfaction with the program overall.

Additionally, more than 90 MURP students were recognized in the 2014-2023 period by national, regional, and campus awards, scholarships, and fellowships for academic achievements. Students were awarded by the American Planning Association, the Association of Environmental Professionals, the California Planning Foundation, Caltrans, Southern California Association of Governments, and the Urban Land Institute/Randal Lewis Health Policy Foundation.

2023-2024 Tuition and Fees

In State Residents, per full-time academic year	\$20,764.11
Out of State Residents, per full-time academic year	\$33,009.11

Student Retention Rate

Percentage of students who began studies in fall 2022 and continued into fall 2023	90%
--	-----

Student Graduation Rate

Percentage of students graduating within 4 years, entering class of 2019	100%
--	------

Number of Degrees Awarded

Number of degrees awarded for 2022-2023 Academic Year	30
---	----
